

OCTOBER 2018
DULLES CORRIDOR ENTERPRISE
REPORT OF THE FINANCIAL ADVISORS

The Airports Authority established the Dulles Corridor Enterprise (DCE) Fund to segregate the financial activity associated with the operation, maintenance and improvement of the Dulles Toll Road (DTR) and construction of the Dulles Corridor Metrorail Project (Rail Project) from the financial operations of the Airports. This report provides an update on the status of capital financing activities and other issues related to the DCE Fund.

Informational Items

- ***Dulles Corridor Advisory Committee (DCAC) Meeting.*** The DCAC, which has eight members (two representatives each from the Airports Authority, Fairfax County, Loudoun County, and the Commonwealth of Virginia) met on October 11, 2018. The Advisory Committee received updates on the construction and financing of the Rail Project and a presentation from Airports Authority staff that provided an overview of the public comments on the proposed DTR toll rate increase and potential DTR toll collection options. A full report on the public hearings and the input received from the public and the DCAC will be provided to the Joint Dulles Corridor and Finance Committees and the Board in November.

Relevant News Items

- ***Silver Line Operations and Maintenance Services Contract.*** On September 18, 2018, the Washington Metropolitan Area Transit Authority (WMATA) issued a request for proposals from private entities to operate and maintain the six new rail stations being constructed as part of Phase 2 of the Rail Project. The scope of work includes maintenance of the rail infrastructure, including the fixed aerial guideway and power distribution system, operation of the maintenance and storage yard facility at Dulles International Airport, and maintenance of certain rail cars assigned to the Silver Line.

The deadline for submitting proposals is January 15, 2019, and WMATA expects to award a five-year contract in the spring of 2019. WMATA will have the unilateral

right to extend the contract by exercising up to six options of up to five years each and it can expand the scope of the contract to include the rail operation of all Silver Line trains between Ashburn and Largo Town Center.

- ***Indiana Toll Road Toll Increase.*** On September 20, 2018, the Indiana Finance Authority (IFA) amended its 75-year lease agreement with the Indiana Toll Road Concession Company (ITRCC) to allow the private toll operator to increase toll rates for heavy vehicles (with three or more axles) by 35 percent effective October 5, 2018. The toll for a five-axle truck that travels the entire 157-mile length of the Indiana Toll Road, for example, will increase from \$44.46 to \$60.02 with no discount for E-ZPass customers.

In exchange for the increase in the maximum toll rate for heavy vehicles, ITRCC will pay the State of Indiana a total of \$1 billion over the next three years, with the first payment of \$400 million due in October 2018. The State will use the \$1 billion to fund planned road projects in the counties located along the Indiana Toll Road which will free up Indiana Department of Transportation resources for other investments, including establishing additional international nonstop flights to/from Indianapolis. ITRCC will also invest \$50 million in Indiana Toll Road upgrades, including safety, technology and communications initiatives such as a smart truck parking system and expansion of overhead message boards, cameras and variable speed signs.

The IFA has five members: the Director of the State Budget Agency, the Treasurer of the State, and three members appointed by the Governor.
