

MAY 2018
FINANCIAL ADVISOR REPORT – THE AVIATION ENTERPRISE

INTRODUCTION

The Finance Committee has requested that the Financial Advisor provide a monthly report on the status of the financing of the Capital Construction Program (CCP) and any related issues concerning the Airports Authority's Aviation Enterprise capital financing activities. The Financial Advisor presents this Monthly Report, focusing on the specific debt management projects underway, the debt policy framework guiding these projects and the financing of the CCP in general.

DISCUSSION SUMMARY

This paper is organized as follows:

- I. Executive Summary
- II. Action Items
 - A. Series 2018A Bond Transaction
- III. Informational Items
 - A. Expiring Bank Facilities
- IV. Monthly Update
 - A. CCP: Actuals vs. Projections
 - B. Short-term Liquidity Forecast
 - C. Variable Rate Programs
 - D. Swaps – Monthly Swap Performance

Exhibits

- A. Airports Authority's Capital Construction Program
- B. Airport System Revenue Bonds
 - Summary of Bonds Outstanding
 - Refunding Monitor
- C. Variable Rate Programs
 - Overview
 - Historical Performance
- D. Swap Program
 - Airports Authority Swap Profile
 - Historic Performance of Swaps

I. EXECUTIVE SUMMARY

Action Items

➔ **Series 2018A Bond Transaction.** Under a separate agenda item, the finance team will recommend that the Finance Committee and the Board approve the authorizing resolution for the issuance of an amount not to exceed \$750 million for the Series 2018A Airport System Revenue and Refunding Bonds. The Series 2018A financing is expected to include the issuance of bonds to current refund approximately \$413.8 million of outstanding Series 2008A and Series 2009C Bonds for savings and to fund up to \$200 million of project costs. The finance team is also evaluating whether to include unwinding existing interest rate swaps. Subject to market conditions, and the approval of the resolution and substantially final documents by the Finance Committee and Board, the bond sale is expected to occur on or about May 31 with a closing on July 3.

Informational Items

➔ **Expiring Bank Facilities.** The Airports Authority has two bank facilities that expire in 2018 - the \$53.8 million Wells Fargo Index Floaters in October 2018 and the \$180.0 million RBC Letter of Credit in September 2018. At the June meeting, Finance Staff will present a paper including the pre-solicitation terms and a proposed schedule to replace or renew the bank facilities. Upon obtaining concurrence of the Finance Committee on the pre-solicitation terms, the Airports Authority plans to issue a Request for Proposals (RFP) to qualified financial institutions.

II. ACTION ITEMS

(II.A) Series 2018A Bond Transaction

The Series 2018A financing is expected to include the issuance of bonds to current refund approximately \$413.8 million of outstanding Series 2008A and Series 2009C Bonds for savings and to fund up to \$200 million of project costs. Under a separate agenda item, the finance team requests the Finance Committee to approve and recommend to the Board of Directors the adoption of the proposed authorizing resolution for the issuance of the Bonds, approval of the substantially final documents and delegation of authority for the final terms and pricing of the bonds. The title and purpose of each document that the Board and Finance Committee will consider for approval are as follows:

Document	Purpose
Authorizing Resolution	Authorizes the issuance of up to \$750 million of Series 2018A Bonds, and delegates final approval to the Chairman or Vice Chairman of the Board and at least one of the Co-Chairmen of the Finance Committee.
Fiftieth Supplemental Indenture	Defines the terms of the Bonds.
Bond Purchase Agreement	Contractual agreement between the Airports Authority and Barclays, the senior manager and representative of the underwriting syndicate evidencing the purchase by the underwriters of the Bonds from the Airports Authority.
Preliminary Official Statement (POS)	Disclosure document.
Report of the Airport Consultant	Feasibility report used for marketing the Bonds (Appendix A of the POS).
Refunding Agreements	Agreement between the Airports Authority and the Escrow Agent to use bond proceeds to redeem bonds on their call date.

As part of the transaction process for the Series 2018A Bonds, the Airports Authority met with the rating agencies on May 7 and 9. The ratings are expected on or about May 18. Subject to market conditions and approval of the required documents by the Finance Committee and Board, the expected transaction schedule is:

Date	Task
May 7 and 9	Rating Agency Meetings
May 15	Board Bond Workshop
May 17	Post POS
May 18	Receive Ratings
May 31	Price Bonds/Sign the BPA
July 2	Pre-Close
July 3	Close

Finance Staff and the Financial Advisor continue to monitor the economics of the refunding of the Series 2008A and Series 2009C Bonds. Assuming current rates prevail at the time of the expected bond sale in June, a current refunding would produce \$52.8 million of present value savings, or 12.8 percent of refunded par.

<i>Series</i>	<i>Callable Par/ Maturities</i>	<i>Range of Interest Rates</i>	<i>Call Date</i>	<i>Call Premium</i>	<i>Net PV Savings</i>
2008A AMT	\$159,630,000 ('19-'29)	5.00%-5.75%	10/01/18	0% (at par)	\$18.1 mm 11.4%
2009C PAB	\$254,245,000 ('20-'39)	4.50%-5.625%	10/01/18	0% (at par)	\$34.7 mm 13.7%

III. INFORMATIONAL ITEMS

(III.A) Expiring Bank Facilities

The \$53.8 million Wells Fargo Index Floaters expire in October 2018 and the \$180.0 million RBC Letter of Credit expires in September 2018.

<i>Bank Provider</i>	<i>Facility</i>	<i>Series</i>	<i>Amount (\$MM)</i>	<i>Rate</i>	<i>Expiration Date</i>
Wells Fargo	Index Floater	2003 D1	\$53.825	38.0*	October 1, 2018
RBC	LOC	2011A VRDO	\$180.020	27.0	September 28, 2018

* Fixed spread to 80 percent of LIBOR Index

At the June meeting, Finance Staff will present a paper including the pre-solicitation terms and a proposed schedule to replace or renew the bank facility. Upon obtaining concurrence of the Finance Committee on the pre-solicitation terms, the Airports Authority plans to issue a Request for Proposals (RFP) to qualified financial institutions.

IV. MONTHLY UPDATES

(IV.A) CCP: Actuals vs. Projections

Exhibit A sets forth the major CCP projects underway at the Airports Authority, as well as historical CCP actual versus projected expenditures. The CCP expenditures for 2018 are budgeted at \$342.7 million including construction and capitalized interest costs. Expenditures in April 2018 totaled \$10.6 million.

2018 CCP Projections vs. Actuals (\$ millions)				
	<i>General Ledger Actual</i>	<i>Original Projection</i>	<i>Variance</i>	<i>Variance (%)</i>
18-Jan	\$13.30	\$19.39	(\$6.09)	(31.4%)
18-Feb	5.30	19.25	(13.95)	(72.5%)
18-Mar	8.50	20.56	(12.06)	(58.7%)
18-Apr	10.60	23.50	(12.90)	(54.9%)
18-May		25.63		
18-Jun		28.54		
18-Jul		30.28		
18-Aug		31.48		
18-Sep		32.57		
18-Oct		35.90		
18-Nov		37.13		
18-Dec		38.43		
2018 Totals (Thru April)	\$37.70	\$82.70	(\$45.00)	(54.4%)

(IV.B) Short-Term Liquidity Forecast

The following (including the table and chart) is based on information provided to the Financial Advisors by Finance Staff.

At the beginning of May 2018, the Airports Authority had \$282.1 million of cash-on-hand¹ and \$200 million of additional available liquidity in the form of undrawn CP Series Two capacity.

Short-term Liquidity Forecast (\$ millions)					
Beginning of Month	Cash Available	CP Available to Draw (End Bal)	PFCs	Grants	Projected Expenditures
May-18	282.06	200.00	0.00	1.93	25.63
Jun-18	258.36	200.00	0.00	1.93	28.54
Jul-18	231.76	200.00	0.00	1.93	30.28
Aug-18	203.41	200.00	0.00	1.93	31.48
Sep-18	173.87	200.00	0.00	1.93	32.57
Oct-18	143.23	200.00	0.00	1.93	35.90
Nov-18	109.27	200.00	0.00	1.93	37.13
Dec-18	74.07	200.00	0.00	1.93	38.43

¹ Cash-on-hand includes proceeds of the Series 2014A, 2015 and 2017A Bonds and Funds 63 and 64.

(IV.C) Variable Rate Programs

In addition to approximately \$778.7 million of outstanding variable rate debt, the Airports Authority can issue up to \$200 million of CP Two Notes which are currently “on-the-shelf.”

Outstanding unhedged variable rate debt of \$241.4 million represents approximately 5.4 percent of the Airports Authority’s \$4.5 billion of outstanding indebtedness.

Gross Variable Rate Exposure

Fixed Rate Debt Percentage:			
Fixed Rate Debt		\$3,693,350,000	
2009D VRDOs (Hedged)		116,785,000	
2010C2 VRDOs (Hedged)		91,665,000	
2010D Index Floater (Hedged)		148,840,000	
2011A VRDOs (Hedged)		180,020,000	
	Fixed Rate	\$4,230,660,000	94.6%
Variable Rate Debt Percentage:			
2003D Index Floater		53,825,000	
2010C1 VRDOs		53,875,000	
2011B Index Floater		133,715,000	
CP Notes		0	
	Variable Rate	\$241,415,000	5.4%
	Combined Total	\$4,472,075,000	100.0%

The Airports Authority’s current unrestricted cash balances of \$924.4 million in short-term investments can be netted against variable rate debt exposure to produce a net variable rate exposure. Currently, unrestricted cash balances exceed the amount of unhedged short-term debt.

Exhibit C-2 illustrates for the current year rolling three-month average spreads to SIFMA of the Airports Authority’s variable rate programs, as well as historic spreads to SIFMA by quarter.

(IV.D) Swaps – Monthly Swap Performance

2002 Swap: Under the terms of the swap agreement, the Airports Authority pays to the counterparty a fixed rate of 4.445 percent on the outstanding notional amount of the swap. In return, the Airports Authority receives from the counterparty 72 percent of one-month LIBOR based upon the outstanding notional amount of the swap. The 2002 Swap originally hedged the Series 2002C Bonds and now hedges the 2011A-2 which refunded the Series 2002C Bonds in full. On October 1, 2015, the Series 2011A-2 was converted from Index Floaters to VRDOs. **Exhibit D-2** provides the historical monthly cash flow of the 2002 swaps associated with the hedged VRDOs.

2009 Swaps: Under the terms of the swap agreements, the Airports Authority pays to the counterparties an average fixed rate of 4.099 percent on the outstanding notional amount of the swap. In return, the Airports Authority receives from the counterparties 72 percent

of one-month LIBOR based upon the outstanding notional amount of its respective swaps. The 2009 Swap originally hedged the Series 2009A Bonds and 2009D Bonds. The Series 2009A Bonds were partially refunded by the Series 2010C2 Bonds and the remaining portion was fully refunded by the Series 2011A-3 Bonds. The 2009 swaps now hedge the 2011A-3, 2009D and 2010C2 VRDOs. On October 1, 2015, the Series 2011A-3 Bonds were converted from Index Floaters to VRDOs. **Exhibit D-2** provides the historical monthly cash flow of the 2009 swaps associated with the hedged VRDOs.

2010 Swap: Under the terms of the swap agreement, the Airports Authority pays to the counterparty a fixed rate of 4.112 percent on the outstanding notional amount of the swap. In return, the Airports Authority receives from the counterparty 72 percent of one-month LIBOR based upon the outstanding notional amount of the swap. The 2010 Swap hedges the Series 2010D Index Floaters. Starting in February 2018, the Index Floaters were amended to 80% of LIBOR plus 37 basis points. **Exhibit D-2** provides the historical monthly cash flow of the 2010 swaps associated with the hedged Index Floaters.

2011 Swap: Under the terms of the swap agreement, the Airports Authority pays to the counterparty a fixed rate of 3.862 percent on the outstanding notional amount of the swap. In return, the Airports Authority receives from the counterparty 72 percent of one-month LIBOR based upon the outstanding notional amount of the swap. The 2011 Swap hedges the Series 2011A-1 Bonds. On October 1, 2015, the Series 2011A-1 Bonds were converted from Index Floaters to VRDOs. **Exhibit D-2** provides the historical monthly cash flow of the 2011 swaps associated with the hedged VRDOs.

Exhibit A
Airports Authority's CCP

Major projects under construction at Reagan National include:

- New North Concourse Enabling Projects
- New North Concourse
- Campus Utility and Central Plant Improvements
- 4-22 Runway Overlay and Taxiway K, P & B Resurfacing
- Terminal C Bag Room Renovations
- Secure National Hall
- Secure National Hall Enabling Projects

Major projects under construction at Dulles International include:

- Reconstruction of Taxiway J
- IAD Taxilane B Reconstruction and Widening, West Section
- Parking Access and Revenue Control System (PARCS)
- Hydrant Fueling Cathodic Protection

Historical CCP Projections vs. Actuals (2001-2017) (\$millions)

	<i>General Ledger Actual</i>	<i>Projection²</i>	<i>Variance</i>	<i>Variance (%)</i>
2001 Totals	\$370.8	\$429.8	(\$58.9)	(13.7%)
2002 Totals	\$295.6	\$346.5	(\$50.9)	(14.7%)
2003 Totals	\$282.7	\$321.9	(\$39.2)	(12.2%)
2004 Totals	\$349.3	\$349.9	(\$0.6)	(0.2%)
2005 Totals ³	\$555.8	\$574.4	(\$18.6)	(3.2%)
2006 Totals	\$672.2	\$713.2	(\$41.0)	(5.7%)
2007 Totals	\$719.4	\$689.7	\$29.7	4.3%
2008 Totals	\$537.7	\$672.8	(\$135.1)	(20.1%)
2009 Totals	\$349.8	\$474.2	(\$124.3)	(26.2%)
2010 Totals	\$220.2	\$327.3	(\$107.1)	(32.7%)
2011 Totals	\$167.4	\$299.4	(\$131.9)	(44.1%)
2012 Totals	\$118.8	\$274.6	(\$155.8)	(56.7%)
2013 Totals	\$152.3	\$235.9	(\$83.6)	(35.4%)
2014 Totals	\$113.0	\$209.5	(\$96.5)	(46.1%)
2015 Totals	\$83.3	\$248.8	(\$165.5)	(66.5%)
2016 Totals	\$66.3	\$193.6	(\$127.3)	(65.8%)
2017 Totals	\$104.8	\$356.7	(\$251.9)	(70.6%)

² Historical projections for 2001-2003 do not reflect periodic revisions. 2002: the last revision for 2002 projected \$271 million of capital spending for the year. 2003: the last revision for 2003 projected a total of \$287.5 million.

³ Projection reflects December 2005 budget amendment.

Exhibit B-2
Airport System Revenue Bonds
Refunding Monitor

Refunding Candidates – Governmental Purpose

There are no Governmental Purpose refunding candidates at this time.⁴

Refunding Candidates – Private Activity

The Series 2008A and 2009C Bonds are callable on October 1, 2018 at par. The table below shows the results of a tax exempt current refunding.

<i>Series</i>	<i>Callable Par/ Maturities</i>	<i>Range of Interest Rates</i>	<i>Call Date</i>	<i>Call Premium</i>	<i>Net PV Savings</i>
2008A AMT	\$159,630,000 (‘19-‘29)	5.00%-5.75%	10/01/18	0% (at par)	\$18.1 mm 11.4%
2009C PAB	\$254,245,000 (‘20-‘39)	4.50%-5.625%	10/01/18	0% (at par)	\$34.7 mm 13.7%

Refunding Candidates – Taxable

There are no taxable refunding candidates at this time.⁵

Below are the refunding guidelines previously accepted by the Board:

Time Between Call Date and Issuance of Refunding Bonds	Traditional Financing Products Minimum PV % Savings	Non-Traditional Financing Products Minimum PV % Savings
0 to 90-days (Current)	Greater of Call Premium or 1%	Call Premium + 1% - 2%
90-days to 1-year	Call Premium + 1%	Call Premium + 2% - 3%
1-year to 2-years	Call Premium + 2%	Call Premium + 3% - 4%
> 2-years	Call Premium + 3%	Call Premium + 4% - 5%

⁴ The Series 2012B and Series 2013C Bonds are Non-AMT. However, they may not be advance refunded since the proceeds were used to advance refund other Airports Authority Bonds. The Series 2009B, Series 2009C, Series 2010A and Series 2010F1 Bonds were issued as private activity Non-AMT Bonds and cannot be advance refunded. The Series 2011D Bonds are advance refundable, but given the length of time to the call date, they are not a viable refunding candidate at this time.

⁵ The Series 2013B and Series 2015D Bonds are Taxable and advance refundable. However, the Series 2013B Bonds can only be called prior to maturity with a make whole call provision, and the Series 2015D Bonds, given the length of time to the call date, are not a viable refunding candidate at this time.

¹³ On July 15, 2015, the Commercial Paper Series Two was refunded in its entirety.

**Exhibit D-1
Swap Program
Airports Authority Swap Profile**

The table below summarizes the Airports Authority's current swap portfolio. All of the Airports Authority's swaps require payment of a fixed rate by the Airports Authority to the counterparty and the receipt of a variable rate by the Airports Authority based upon 72 percent of LIBOR.

Trade Date	Effective Date	Termination Date ("final maturity")	Swap Providers	Ratings Moody's/S&P/ Fitch	Outstanding Notional Amount (\$millions)	Hedged Series	Current Termination Value (\$millions) ¹⁴	Fixed Rate
07/31/01	08/29/02	10/01/21	Bank of America	Aa3/A+/A+	\$23.8	2011A-2	(\$1.2)	4.445%
06/15/06	10/01/09	10/01/39	JPMorgan Chase Bank of America	Aa3/A+/AA- Aa3/A+/A+	\$162.2 <u>\$93.9</u> \$256.1	2011A-3 2009D 2010C2	(\$34.9) <u>(\$19.7)</u> (\$54.6)	4.099%
06/15/06	10/01/10	10/01/40	Wells Fargo	Aa2/A+/AA-	\$148.8	2010D	(\$33.7)	4.112%
09/12/07	10/01/11	10/01/39	Wells Fargo	Aa2/A+/AA-	<u>\$108.6</u>	2011A-1	<u>(\$18.9)</u>	3.862%
Aggregate Swaps					\$537.3		(\$108.4)	

The table below presents the all-in effective rate of the swaps. Exhibit D-2 represents the monthly performance and all-in effective rate of the 2002, 2009, 2010 and 2011 Swaps in relation to the hedged variable rate debt.

Effective Date	Notional Amount (\$millions)	Hedged Series	Fixed Rate	All-In Effective Rate*
8/29/02	\$29.0	2011A-2 (VRDOs)	4.445%	4.826%
10/1/09	\$262.5	2011A-3,2009D,2010C2 (VRDOs)	4.099%	4.796%
10/1/10	\$152.3	2010D (Index Floaters)	4.112%	4.646%
10/1/11	\$112.1	2011A-1 (VRDOs)	3.862%	4.254%

**The Effective Rate takes into account the agreed upon spread on index floaters and remarketing and bank facility costs on the VRDOs.*

¹⁴ Amounts as of April 30, 2018; A negative value represents a payment by the Airports Authority to the counterparty if the swap is terminated in the current market; a positive value represents a receipt by the Airports Authority if the swap is unwound in the current market.

Exhibit D-2
Swap Program
Swap Effective Interest Rate to-date and Monthly Performance

2002 Swap: The Airports Authority's 2002 Swap is a fixed-payor interest rate swap. Under the 2002 Swap, (a) the Airports Authority pays a fixed rate of interest, 4.445 percent, to the swap counterparty; and (b) the swap counterparty pays the Airports Authority a variable rate of interest equal to 72 percent of one-month LIBOR. The variable rate received from the counterparty is designed to closely correlate to the interest rate the Airports Authority pays on the underlying variable rate bonds, thereby creating essentially fixed rate debt ("synthetic" fixed rate debt). The Swap Agreement was dated July 31, 2001, and became effective August 29, 2002. The 2002 Swap counterparty is Bank of America. The 2002 Swap hedges the 2011A-2. The swap previously hedged the Series 2002C Bonds until these bonds were refunded by the 2011A-2 Bonds. On October 1, 2015, the Series 2011A-2 was converted from Index Floaters to VRDOs.

2009 Swap: The Airports Authority's 2009 Swap is a fixed-payor interest rate swap. Under the 2009 Swap: (a) the Airports Authority pays a fixed rate of interest, 4.099 percent, to the swap counterparty; and (b) the swap counterparty pays the Airports Authority a variable rate of interest equal to 72 percent of one-month LIBOR, thereby creating synthetic fixed rate debt. The Swap Agreement was dated June 15, 2006, and became effective on October 1, 2009. The 2009 Swap counterparties were Bear Stearns and Bank of America. However, Bear Stearns was bought by JP Morgan in March 2008. The 2009 Swap hedges the Series 2011A-3 Bonds, Series 2009D Bonds and the Series 2010C2 Bonds. The swap previously hedged the Series 2009A Bonds until these bonds were refunded by the 2011A-3 Bonds. On October 1, 2015, the Series 2011A-3 was converted from Index Floaters to VRDOs.

2010 Swap: The Airports Authority's 2010 Swap is a fixed-payor interest rate swap. Under the 2009 Swap: (a) the Airports Authority pays a fixed rate of interest, 4.112 percent, to the swap counterparty; and (b) the swap counterparty pays the Airports Authority a variable rate of interest equal to 72 percent of one-month LIBOR, thereby creating synthetic fixed rate debt. The Swap Agreement was dated June 15, 2006, and became effective on October 1, 2010. The 2010 Swap counterparty is Wells Fargo. The 2010 Swap hedges the Series 2010D Index Floaters.

2011 Swap: The Airports Authority's 2011 Swap is a fixed-payor interest rate swap. Under the 2011 Swap, (a) the Airports Authority pays a fixed rate of interest, 3.862 percent, to the swap counterparty; and (b) in return, the swap counterparty pays the Airports Authority a variable rate of interest equal to 72 percent of one-month LIBOR, thereby creating synthetic fixed rate debt. The Swap Agreement was dated September 12, 2007, and became effective October 1, 2011. The 2011 Swap counterparty is Wells Fargo. The 2011 Swap hedges the 2011A-1. On October 1, 2015, the Series 2011A-1 was converted from Index Floaters to VRDOs.

The following table presents the 72 percent of one-month LIBOR rate received from the counterparties, the average monthly interest rate on the hedged variable rate bonds paid by the Airports Authority, and the resulting effective all-in interest rate on the swap.
